MAKE AN IMPACT

THE IMPACT CRYOTHERAPY E-BOOK

www.impactcryo.com
WHY cryotherapy

Provides Natural Wellness in 3-Minutes

*A single three-minute refreshing Impact Cryotherapy session promotes natural healing.*

Using cold temperatures to promote natural wellness, Impact Cryosaunas provide whole body cryotherapy as a fast and effective alternative to traditional ice baths. The cryosaunas fill with nitrogen vapor and a dry chill that drops the ambient temperature to a range of -90 Celsius (-130°F) to -120 Celsius (-184°F).

Cryotherapy Appeals to a Wide Variety of People*

Participants Use Cryotherapy For

WHY IMPACT cryotherapy

- U.S. Based Manufacturing and Corporate Headquarters
- Sold 300+ Units in 39 States and 7 Countries
- Full Service U.S.-based Customer Operations Team
- Efficient, Dry Gas Delivery Design
- Safe, Smart Technology
- Compact Footprint: 4' x 6'
ETL CERTIFIED CRYOSAUNAS

Impact Cryotherapy’s line of Standard 70 model Impact Cryosaunas have earned the ETL Mark from testing laboratory Intertek, classifying them as compliant to applicable US and Canadian electrical safety standards.

🚨 CUSTOMERS FIRST 🚨

For new Impact Cryotherapy customers, such as entrepreneurs, gym and spa owners and pro and NCAA sports teams, their local inspectors now can rely on an independent third party certified testing lab’s ETL listing for compliance to their local requirements.

❄️ AN INDUSTRY FIRST ❄️

As the only cryotherapy manufacturer with this certification, Impact Cryotherapy can help a newly forming industry establish and drive compliance to various safety and machinery standards.

💡 SAFETY FIRST 💡

By earning this certification, Impact Cryotherapy is committed to safety and the recognition of compliance by an OSHA-approved, nationally recognized testing laboratory to generally accepted industry standards.
SAFETY
standards & features

CUTTING-EDGE TECHNOLOGY & DESIGN
- 3 experience levels for user comfort
- Unique top-cap shields head and face from nitrogen gas
- Pressurized even-cooling mechanism
- Preset temperature and time protocols

SMART SAUNA SOFTWARE
- Direct communications allow cryo operators to provide reliable and consistent sessions
- Custom-built elements create a simplified user interface with safety checkpoints
- Systems monitored and controlled by interactive operator software

INNOVATIVE PARTNERSHIPS
- Specialty CHART nitrogen tanks specifically made for Impact cryosaunas
- Cay Insurance offers Impact owners services to provide coverages
- United Leasing & Finance offers Impact owners a very competitive equipment finance program

TRAINING PROGRAM
- Standardized and proprietary training programs
- Cryosauna owners and their team receive 2 days of on-site training by Impact factory trained employees
THE INDUSTRY-LEADING

IMPACT

CRYOSAUNA

Iconic Design
- 3 sleek octagon styles
- Intuitive, user-friendly control panel
- Riser system adjusts platform height
- Durable antimicrobial interior fabric

Efficient
- Modular design for ease of service
- Multilevel heat exchange
- No dry time

Safety
- Safe, smart, engage software
- Proprietary UL Certified electrical control panel (#234320)
- Safety training program for cryotherapy specialists

Impact Cryosauna Specifications
- US-based manufacturer, Service & Support
- Delivery within 10 days for existing businesses
- Weight: 450 pounds
- Power: 110/8 amps per session
- Dry gas delivery design
- Compact Footprint: 4.5’x7’ with stairs
- Structure: Laser-cut anodized aluminum and plexiglass
- Design: Octagon
- Quick disconnect components
- Manufacturer Warranty: 1 year
